**Zia Mahmood : Bridge My Way** before purchasing it in order to gage whether or not it would be worth my time, and all praised Bridge My Way:

0 of 0 people found the following review helpful. Very interesting stories about this legend bridge starBy Zizhuo WangThis book contains interesting stories about Zia, one of the brightest star in bridge. Many of his life stories are interesting as well as many bridge tips like always considering throw away the 9 if you have it (which is quite useful). The balance between bridge and story in this book is good, which makes the book useful and fun to read. I would consider it as a must-read for young bridge players.0 of 0 people found the following review helpful. Bridge the way it should beBy Yvonne SimingtonThe book was as expected - very readable, informative and interesting. It puts an exciting element into the game of bridge0 of 0 people found the following review helpful. Five StarsBy Frances WhiteFun book with great tips

In this bridge biography Zia Mahmood - Pakistan's team leader - reveals his unique strategy for success in bridge. Arguing that there is no correct bid or even play of cards, he emphasizes psychology, risk and bluff. He recounts, for example, ways of establishing table presence, how to get the best from your partner and the worst from your opponents, and how to bid differently against both good and bad players. Drawing on actual championship hands, and

packed with anecdotes of world famous players, this book should appeal to social and club players alike.
