George Sturgis Coffin : Bridge Play from A to Z before purchasing it in order to gage whether or not it would be worth my time, and all praised Bridge Play from A to Z:

0 of 0 people found the following review helpful. Four StarsBy AH99Very good material, a classic - the language reflects the period it was written in.1 of 1 people found the following review helpful. Definitive Text on Declarer PlayBy John S. MasonI bought my copy forty years ago at the Libreria Nacional in Cali, Colombia, and won't give it up while I'm still alive. It's an advanced tutorial that I study all the time, forever learning new things from it, and relearning old things.The fact that it's out of print is a sad testimonial on bridge players.4 of 4 people found the following review helpful. Fantastic book on playBy Robin N. PhillipsIf you ever get a chance to buy or borrow this book, do so. I would say that this is an intermediate text, but it covers everything from the basics to simple endplays and squeezes. This is a better and more comprehensive book on play of the cards than any other I've read. If you get a chance, pick up anything by George Coffin.
