2 of 2 people found the following review helpful. List of semi-useful tips for absolute beginnersBy Cowboy AIThis booklet (very very short) is not much more than a list of semi-useful advice about which card to play in an honor sequence. Short and full of practical examples, each book in the 'Bridge Technique Series' takes the reader through the most important aspects of card-play technique at bridge. Where appropriate, play is examined from the point of view both of declarer and defenders. Full of quizzes and chapter reviews, these award-winning books will also reinforce the bridge concepts you learn. At this price, what bridge player could stand not to have all twelve?
