It is concise and offers great exercises at the end of each chapter. I especially like the Summary for each chapter which is highlighted and easy to find for reference. Am very pleased and would recommend the book to others.1 of 1 people found the following review helpful. Bridge againBy Miss KittyI started playing Bridge again after many years and I had notes from everyone about everything. This little book brings it all together and simplifies as it educates. I would highly recommend it to anyone beginning or starting again after a long hiatus.
