I wanted Piano/Vocal/ Guitar, but I didn't make sure and ended up getting the Easy Piano. I'm not extremely happy about that but it was my fault, and besides, I love me some Bruno; so, ended up keeping it. Great little song book for beginners. I not sure if it's in the original keys for all the songs. This is a simplified version. I felt a lot of the songs were lower in range, but lowered to fit for easy piano

(maybe for singing too). I got this book used, so it didn't hurt as much to hold on to it.0 of 0 people found the following review helpful.
