From Oxford University Press : Bucolic Suite: Study score before purchasing it in order to gauge whether or not it would be worth my time, and all praised Bucolic Suite: Study score:

This is the first publication of this early work for orchestra, which was completed in November 1900 and first performed by the Bournemouth Municipal Orchestra in March 1902. This attractive work is cast in four movements - Allegro, Andante, Intermezzo, Finale - and already shows evidence of the composer's emerging musical style and sure grasp of orchestral techniques. This new edition has been carefully prepared from the original manuscript by Julian Rushton and comes with full textual commentary. This publication will be welcomed by all aficionados of Vaughan Williams's music. Orchestral material is available on hire.

About the Author In the fifty years since his death, Vaughan Williams has come to be regarded as one of the finest

British composers of the 20th century. He has a particularly wide-ranging catalogue of works, including choral works, symphonies, concerti, and opera. His searching and visionary imagination, combined with a flexibility in writing for all levels of music-making, has meant that his music is as popular today as it ever has been.
