Text for college classrooms, private voice studios and those who are currently in the choral classroom. A concise, yet comprehensive study of vocal technique along with an extensive collection of related vocalises. The vocalises are presented in a manner that is "user-friendly," complete with accompaniments and numerous transpositions. This book contains more than 60 different exercises each designed to address specific vocal concepts. Whether you are a student of choral/vocal pedagogy, a beginning director or a veteran of many years in the classroom in need of new and fresh warm-ups to begin your daily rehearsals, this is the text that you have been waiting for. There is an accompanying student book so that every student can see the exercises, making introduction of new material much easier and more efficient.
