**Ian Andersen : Burning the Tables in Las Vegas: Keys to Success in Blackjack and In Life** before purchasing it in order to gage whether or not it would be worth my time, and all praised Burning the Tables in Las Vegas: Keys to Success in Blackjack and In Life:

0 of 0 people found the following review helpful. Decent book, there is better out thereBy James O'KDecent book with some basic Blackjack Foundations, there are better by Wong, Uston, and others0 of 0 people found the following

review helpful. A must read for aspiring counters  
By Mr. Blackjack  
As a card counter, I've read several books on the matter. Assuming that you know how to count and have memorized the proper charts, this book should be at the top of your reading list. The author delves into great deal what is behind the psyche of a successful counter and how one should act when dealing with casino personnel. Whether or not you choose to employ his tactics that cost money in exchange for longevity, there are plenty of lessons to be learned. When asked what the best book is for counters, *Burning the Tables in Las Vegas* will be my response. And you can count on that.

By Pranalt  
is really well-written book the camouflage. It is a fun read and at the same time full of materials

In the mid-1970s, Ian Andersen wrote *Turning the Tables on Las Vegas*, the classic book on casino comportment. As the first book to broach the all-important consideration of how to get away with getting the money, *Turning* was the book that launched a thousand blackjack careers. After its publication, however, Andersen disappeared from the scene. Where did he go? The answer is spelled out in this long-awaited sequel, *Burning the Tables in Las Vegas--Keys to Success in Blackjack and in Life*. Since 1976, Andersen has been perfecting his personal program for success in blackjack, poker, and other of life's games. His technique combines elements of mathematics, psychology, and mental and physical well-being to create a never-before-disclosed approach to winning. *Burning the Tables in Las Vegas* addresses virtually every aspect of blackjack advantage play: game selection, longevity, tipping, employee relations, guises, disguises, false identification, credit, comps, risk, heat, dress, demeanor, and diet. Andersen also explains how emotions, such as guilt and anger, and skills, such as discipline and interpersonal competence, can affect your prospects for profit. Peppared with fascinating anecdotes and stories from Andersen's forays into the great casinos of the world, *Burning the Tables in Las Vegas* takes you on a vicarious journey into the rarefied realm of the high-stakes blackjack pro--and shows you what it takes to be one.

One of the best blackjack books ever written. --*Blackjack Confidential*  
Devious? No. Ingenious, crafty, cunning, and worthy? Definitely! --*Gaming Today*  
Now we get the benefit of 20 more years from one of blackjack's most successful big-time players. --Don Schlesinger  
About the Author  
Ian Andersen has been a world-class professional gambler and an international man of mystery since the late 1960s, when he began collecting material for his ground-breaking book about the psychology of advantage play, *Turning the Tables on Las Vegas*. After 35 years, he's still out there, plying his unique gambling trade, wherever he likes.
