A Guide for the [Quiz Bowl] Perplexed!By Michael SchweersDavid Losson's handy "How To" guide fills a large gap in the available material for students and faculty interested in all forms of Academic Quiz Bowl. Working as either a stand-alone guide for a faculty person trying to organize a team and practices, or as a friendly directory of resources for the student(s) working by themselves, this book really does the

job. While much has been written about the 'theory' of quiz bowl, Mr. Losson provides valuable chapters which will serve the novice player trying to find materials for study or the advanced varsity competitor who simply needs some refresher. The work is simply invaluable.

"Buzzstrong" is a book written for prospective quiz bowl students from Cistercian Preparatory School. The book was written by a Cistercian alumnus with Cistercian students in mind. The book introduces readers to the great game of quiz bowl and all that entails. Things like theory, rules, study methods, hierarchy, and history of the game are all discussed at length in this playful book.
