John Finnemore : Cabin Pressure: The Complete Series 3 before purchasing it in order to gage whether or not it would be worth my time, and all praised Cabin Pressure: The Complete Series 3:

0 of 1 people found the following review helpful. SO EXCELLENT!!By MomWe are fans of Cumberbatch, so that does factor in ... however, even still, we were concerned that this would turn out to be kind of lame. And we weren't quite sure at first, but we hung in there and by the end of the 2nd cd of Series 1, we were at times having to push pause so that we could laugh without missing something! Witty, quick, clever, hilarious! The characters are solid and consistent and the flow clips along at a good pace. Listening from beginning to end is recommended, as the relationships and quips build on themselves as it goes on. My husband, myself, our 17 year old son and 21 year old daughter, all laughing out loud. If you like the sarcastic, sardonic, ironic wrap-around English humor, you're going to love this. And totally PG to boot!We HIGHLY recommend this radio program, and have eventually ordered ALL of the rest! Also sent "From A-Z" Edition to my parents, who absolutely love it, too! If I had to do it over again, I would have gone STRAIGHT to the \$79.95 "A-Z" Edition, as that includes every single episode there is. I had Series 1, then proceeded to purchase each succeeding Series one by one for \$32.00 each. (1-4, the Xmas Edition, which is available only in downloadable audio, and the Zurich finale which is only one episode I believe for \$14.95) Totaling about \$145! And I listened to the Xmas edition complimentary with a free trial of something, then cancelled. SO, I would've been much better off just getting the entire set right at the outset, but I didn't realize they were going to be so addicting... save yourselves! Buy the Set!0 of 0 people found the following review helpful. Stop making me laugh so

hard!By Danielle Huffman-HanniWhere to start. Still funny as ever and the development of the characters continues to grow. Douglas is still snarky as ever but does show he can be human at times. Martin continues to be insecure and the two Martins thing certainly doesn't help. I geeked out hearing Anthony Head's voice (it's Giles from Buffy the Vampire Slayer!) as Herc Shipwright. Dad truly was eccentric. What else is there to say? Otters, yellow car, lemons, polar bears!, etc. Brilliant!0 of 0 people found the following review helpful. Five StarsBy Kathleen FreemanI listen to these in the car, and re-listen. They still make me smile.

Cabin Pressure is set in the wing and a prayer world of a tiny, one-plane charter airline; staffed by two pilots, one on his way down, and one who was never up to start with. Whether hunting for polar bears or a cleverly-hidden lemon, no job is too small, but many, many jobs are too difficult. And then there are the otters... Carolyn Knapp-Shappey, MJN Air's formidable boss, has employed two of the very cheapest pilots money can buy: Captain Martin Crieff, who's always wanted to fly and won't let a little thing like lack of ability stop him, and First Officer Douglas Richardson, smooth-voiced old sky god and eternal schemer. Passenger service is provided by the relentlessly cheery Arthur, proud inventor of both Surprising Rice and his own hat. Written by John Finnemore (John Finnemore's Souvenir Programme, The Now Show), Cabin Pressure stars Stephanie Cole as Carolyn, Benedict Cumberbatch as Martin, Roger Allam as Douglas and John Finnemore as Arthur. 'Unexpectedly brilliant' - Time Out. 'An inspired new sitcom' Observer.3 CDs. 2 hrs 48 mins.

"Cabin Pressure is one of the best written, cast, acted and directed comedies on anywhere." Gillian Reynolds, Daily Telegraph
