BradyGames : Call of Duty: Advanced Warfare Signature Series Strategy Guide (Bradygames Signature Series Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Call of Duty: Advanced Warfare Signature Series Strategy Guide (Bradygames Signature Series Guide):

9 of 9 people found the following review helpful. Helpful book for all levels of players By Justin Gordon If you have purchased COD Advanced Warfare, you already know that the game didn't come with any clear instructions of how to play it. This book will answer a lot of your questions, and provide insight on how to customize your classes for the best possible outcome. In addition the book has a complete walk through of the campaign mode, in case you get stuck completing an operation. I purchased the online version of the book, which is the way to go if you have a kindle, or similar device, as it cost \$10.00 less than having a hard copy sent to you. 1 of 1 people found the following review

helpful. Good gift!By Jennifer Leigh PudasGreat book, was in good shape and fast shipping! Was a gift for my husbands birthday and he uses it everyday to play that game.0 of 0 people found the following review helpful. Good book. Helpful to those that really don't play ...By porknbeansGood book. Helpful to those that really don't play online games much. (good thing for people like me with advanced warfare pc NOT having multiplayer games available at times. Apparently wasted money for people like me that play only occasionally.)

Helps you dominate the battleground of the future in the shooting experience. This book also helps you find coverage of all the innovations and Call of Duty game modes and discover weapon and ammo positions, collectible locations, campaign and multi-player objectives and more.
