**BradyGames : Call of Duty: Black Ops II Signature Series Guide (Signature Series Guides)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Call of Duty: Black Ops II Signature Series Guide (Signature Series Guides):

0 of 0 people found the following review helpful. Five StarsBy Customerhelped with game.2 of 2 people found the following review helpful. Good guide, very usefulBy C. BartlettI am not one to follow the guide the first time through a game, but I like to go back and find and do everything. Sometimes I will do this completely on my own and other times I just want to get it done. Call of Duty is one of the games that I just want to get it done. It's nice to have the tips for the main story and the multiplayer. Although I will say that the best way to improve and know what to use in multiplayer is to just play a lot and experiment with different combinations. Overall good guide though and I

recommend picking it up. 1 of 1 people found the following review helpful. Great for any gamer! By YinzuSuper helpful guide, we got it to help us out with the map layouts, but then found so much extra stuff that it helps you with throughout the game! Tones of amazing graphics and helpful hints without ever giving anything away! It also gives you the breakdown of each of the weapons in the game. Very pleased with how fast this was shipped to us and in great shape as well!

BradyGames CALL of Duty: Black Ops II Signature Series Strategy Guide includes the following: The future is Black. Call of Duty: Black Ops II takes you into the future for the first time in series history. Tomorrows combat the arsenal, the battlefield, and your adversary has advanced beyond todays cutting edge.
