Prima Games : Call of Duty: Black Ops III Collector's Edition Guide before purchasing it in order to gauge whether or not it would be worth my time, and all praised Call of Duty: Black Ops III Collector's Edition Guide:

4 of 5 people found the following review helpful. Useful for Campaign and Multiplayer By Mindtrash Campaign: I have

been using the guide while playing the campaign and I must say it's pretty useful. You have the maps to guide yourself on the game, you have the spots where you can get the accolades. It suggest you the loadout for each mission which is great because some missions work better if you follow the recommendations. In conclusion the guide covers in a very detailed way what reffers to Campaign. Multiplayer: For MP the guide explains what you need to know about weapons, maps, etc. No big info for strategies but still useful. Zombies: The section for zombies is just a TOUR GUIDE, just a few pages to explain the very basics of this game mode. What the guide states regarding this is that "Prima games wants to respect the gamers by not giving any spoiler related to Zombies so go and find yourself all the secrets". I think this is ok, but AT LEAST they should have provided a map. Shadows of Evil is fun but is not that easy, some more info would have been very appreciated. Actually I am not giving 5 stars for this fact. In general is a very good guide, a must for any CoD collector, 0 of 0 people found the following review helpful. Five Stars By David L.
