BradyGames : Call of Duty: Modern Warfare 2 Prestige Edition Strategy Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Call of Duty: Modern Warfare 2 Prestige Edition Strategy Guide:

0 of 0 people found the following review helpful. I enjoy a good read about By HuelsBack in 2009, this was the only game that I played as a early 20 year old. It was my very first serious online shooter. This book in hardcover, has all the cool secrets in it. The art is beautiful and the words are nice and big. 0 of 0 people found the following review helpful. Not EVERYTHING, but almost By Unknown Dude This strategy guide delivers a lot. No, not EVERY challenge is in there. A couple of maps are missing items, but errata can be found on website. The guide gives you a nice walkthru, with tips for the higher settings. Like all strategies, the way they suggest is not always perfect for you. I like the weapons listing, with bar graphs for accuracy, fire rate, etc. so one can compare. Emblems are not there. Titles are there, but no pics. Challenges are there, but I think not exactly correct. The guide walks you through single-player,

gives you tips on multi-player and special ops (challenges a single player can do, but more fun with a friend). Maps of levels. This prestige edition is hard cover, and has unfolding maps of the initial multiplayer pack you can write on with dry-erase markers (there has since been a release of new maps). If those two things don't matter to you, save some dough and buy the paperback. I would definitely buy this again. 1 of 1 people found the following review helpful. Nice book By John F. Davis Its not as nice as the MW3 book, For instance the weapon comparison charts are split on opposite facing pages. ie. the Submachine gun listing requires you to flip pages in order to see all capabilities. It would have been nice to have them all visible on one page. As a plus the terminal map which is in MW3 is in this book. I ordered this book used and it was missing the additional maps even though the seller said it included all pages. Confirm with seller prior to ordering if you are buying used.

Play "Call of Duty: Modern Warfare 2" and win. Be prepared for anything with this limited edition hardback. "Call of Duty: Modern Warfare 2 Limited Edition Guide" features a complete step-by-step walkthrough of each single-player mission in the game. Find detailed maps which call out intel locations, alternate routes, flanking manoeuvres and more. There's in-depth multiplayer coverage including custom maps showing vital locations in each mode of gameplay, as well as expert tactics for each team-based game. Plus, find information on every feature, special weapon, camouflage, challenge and achievement. This special limited edition guide also includes a laminated tactical map pack covering 16 areas of the game, so you can plan your campaign again and again using dry markers. It covers PS3, Xbox 360 and PC.
