TranquilloThis is a beautifully illustrated and fun book with selections from each of the three trips the okee dokee brothers took to write their three albums Can you Canoe, Saddle up and Into the woods. It was fun to read the short descriptions of how each of the songs were written. Since our whole family including grandparents , parents and grandchildren sing these songs together often it is fun to have the lyrics of these songs in this lovely book.

I'm wondering if you'd go wandering with meThrough the wilderness and woodsTo where the winds are blowin free. The Grammy Award-winning Okee Dokee BrothersJoe Mailander and Justin Lansingcelebrate the beauty of nature and the joys of being outdoors and unplugged. Their family-friendly music aims to inspire parents and kids to get

outside and get creative. Can You Canoe? journeys cross-country in 12 songs, from the rolling hills of Appalachia in the east to the canyons and campfires of the West. Along the way, The Okee Dokee Brothers irresistible, boot-stompin tunes invite kids to wander through the woods and wilderness, where they'll discover hungry black bears and tall-tale spinners; quiet canoes and cozy camping tents; a jumpin jamboree and a bullfrog opera. Brandon Reeses lively illustrations, and a CD to sing along with, will make this set a childrens classic.

\*Childrens folk/bluegrass duo the Okee Dokee Brothers (aka Joe Mailander and Justin Lansing) move into childrens books with this title featuring 12 of their songs (an audio CD is included). Children with even the slightest outdoorsy inclinations will be easily drawn into the songwriters inviting descriptions of life under the stars (So I moved down to the river./ Where fishin hooks pay the rent) and playful sights like The Bullfrog Opera or a beaver wedding in Mr. and Mrs. Sippy (Mrs. Sippyget it?). Reeses sweeping illustrations highlight a sense of joyful exploration in the great outdoors, and the musicians twangy rhythms and thoughtful lyrics should please parents as much as children. Publishers Weekly (Starred )Praise for The Okee Dokee Brothers: The Okee Dokee Brothers remind us of the American belief that were bound for better weather. Their music celebrates everyday explorers, young and old, who rediscover that notion daily. NPRs All Things Considered The lyrics are playful, engaging and subtly filled with life lessons. These are songs that encourage kids to find happiness with fewer material possessions and embrace adventure even in trying situations. Without getting preachy or heavy-handed, Mailander and Lansing come off like happy, kind and fun big brothers eager to show their younger siblings how to have an ethically sound and green-conscious good time. Chicago Tribune A life-celebrating musical odyssey. Parents Choice \*Perfect road-tripping music. A must-have for every collection.
