previous game guide that they did for beginners to intermediate players. Starting off with a list of what they included in the first guide (but careful not to give away the actual contents), they then proceed to give hints on how to deal with the obstacles of the tornadoes, chocolates, and time bomb makers, as well as giving general hints for jelly and ingredient levels. This ebook focuses on what the authors consider the most difficult of the game. A quick list of the levels that they give hints for: 77; 135; 138; 269; 275; 285; 342; and level 417. Like their preceding Candy Crush Saga game guide, this book consists of general play hints, and not how crack the game level by level (even the levels mentioned are left to the player to completely figure out). The writing in this ebook is clearer than the last one, but occasionally it still irked me. And in this one, I found myself annoyed by the number of cheerleading statements the authors made about the worth of the ebook. Such cheerleading makes me wonder if the authors on some level suspect that their game guide is a little weak in content. The authors also assume in one place that you are able to play Candy Crush Saga both on Facebook and on your phone; this is not true in my case (I currently do not have a phone with the ability to play the game on...yes, I am still living in the Stone Age in many ways). I am giving this four out of five stars, but it is a weak four. [Disclosure: I grabbed this game guide on a free day that one of the authors told me about through Goodreads.] 3 of 3 people found the following review helpful. Crush the candy and your friends By Sleepless in Houston If you play this game with your friends, and you have this book and they don't, you will roll right over them. It will get you out of the tight spots lurking everywhere in the game. Used with a good strategy, this book can take you to the top. Highly recommended for advanced players and those that want to be. 4 of 4 people found the following review helpful. Really Recommend This Advanced Candy Crush Guide By Ivan Simec I am so glad I bought this. I did consider myself to be a bit of an expert at candy Crush but this book has taught me a lot. It was refreshing to get real tips strategies for the higher levels rather than just your basic moves. I really never considered the combination of moves suggested for particular levels and the kind of situations you come across in general. For once an advanced guide lives up to its name. I highly recommend it. I'm not the greatest fan of the cover that's why I am only going to give it 4 stars.

Advanced Level Candy Crush Saga Player Guide This is the ONLY Candy Crush Saga Advanced Player Guide you'll find on Amazon. It's available in both Kindle paperback versions. Following on from the success of 'Candy Crush Saga: Fire HD Version Guide', I've written an advanced guide for those of you who want more specific tips, advice strategies on the higher levels of this fantastic game app developed by King.com. e.g. how to get past the lethal time bomb maker in level 275 how to make it through the notorious level 342 that contains meringues with hidden jellies. To give you an idea of what you'll be getting in this advanced level guide, here is a condensed list of some of the major headings: Advanced Game Modes and Levels The Deadlier Obstacles Advanced Level Perks Train Stuck Between the Two Stations Tricks to Clear the Trickiest Levels The Secret behind Tornado Tips To Get Through the Advanced Jelly Levels Tips To Get Through the Advanced Ingredient Levels Special Candies Only The Hardest Levels of Candy Crush Saga Win the Candylicious Fight!! Both the Kindle paperback versions have screenshots throughout. You can be sure there is no better advanced guide available for Candy Crush Saga and a choice of format that best suits you. If you are not quite ready for an advanced guide yet then you may prefer my previous guide, 'Candy Crush Saga: Fire HD Version Guide' by Tyler Davis and Emily Jackson. If you want more of your advanced level game to be Tasty, Sweet Delicious then this is definitely the game guide for you. Do yourself a favor and buy this advanced guide now rather than returning after being disappointed with the other Candy Crush Saga Guides!
