I've only been using it for a little over a month, but the points of view, the exercises and the information has impacted myself and my students in like crazy! The improvements are beautiful and previous misunderstandings are pretty much clarified and the students and I are very appreciative!2 of 2 people found the following review helpful. Great pedagogic tool!By Margaret HouckOne of the most comprehensive books on the

teaching of solo singing and choral singing I have ever read. 2 of 2 people found the following review helpful. This book is a great resource for beginning teachers of all types. By Alec This book is a great resource for beginning teachers of all types. I refer to this book regularly for ideas, or refreshing general concepts.

(Pavane Publications). This vocal pedagogy textbook breaks the mold. Filled with anatomical drawings, pictures, graphs and valuable vocal exercises, this book is wisely and attractively organized. Plus, every chapter includes a section specifically for the choral director!
