**Roberto Giobbi : Card College, Vol. 2** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Card College, Vol. 2:

0 of 0 people found the following review helpful. The first two volumes of this series are amazing. You will be a card conjurer by the ...By CustomerThe first two volumes of this series are amazing. You will be a card conjurer by the end of this volume if you can perform every technique. Illustrations are so helpful. This volume has the first discussion of the standard pass, and I think his description is the best available. Discussing details as specific as which pressures to hold on each finger of each hand is really helpful. Short of having a mentor instruct you, this book is way better than years of watching YouTube. Great books.0 of 0 people found the following review helpful. Why don't you already have this?By Mr. BuffooneryIf you want to learn card magic you should start with this series. I started with Royal Road to Card Magic which is good (if you are on a tight budget I would suggest that), but over 10 years of performing card magic and I just now started going through this series and I really wish I started here. It will save you a lot of pain and effort. It is as clear you will get.0 of 0 people found the following review helpful. Roberto Giobbi, Volume 2 of a 5 book seriesBy Sean D FoxCard College, Vol. 2, by Roberto Giobbi, This is the second volume of Mr. Giobbi's Card College series. If you are serious about your card work this set of books IS A MUST! There are 5 volumes in total and a 4 volume DVD set with Mr. Giobbi teaching ALL the effects from all 5 volumes.

Picking up where Volume One left off, Volume Two teaches such classic and invaluable sleights as the palm, the pass, the glimpse, false counts and much more. Volume Two concludes with a chapter on psychology, misdirection and

presentation that's among the best treatments ever done on these important subjects. Throughout, Mr. Giobbi includes original ideas and refinements, guaranteeing every reader, no matter how experienced, fresh techniques and insights. Some of the topics covered in Volume Two include: The Glimpse Card Reverses The Crimp Palming False Cuts False Counts The Pass The Overhand Shuffle Flourishes The Double Turnover Misdirection Psychology Routines Presentation
