While I still think it's a fun concept, the book was disappointing. The drawings are so bad that sometimes it's hard to tell what celebrity is in the photo. I still think the concept is fun and the games and activities inside are fun as well, but it just seems like it was drawn by a B-list artist. I gave it as a gift, hopefully she enjoys it, but I wouldn't buy it again. 0 of 0 people found the following review helpful. My friend loves celebrity gossip magazines and this made a fun gift for her. By Candice Z. This coloring book is hilarious! My friend loves celebrity gossip magazines and this made a fun gift for her. It's well made and has a ton of things to color. 0 of 0 people found the following review helpful. Three Stars By R. A.
