Another great AIO collection By PreacherBoy Our family loves Adventures in Odyssey, and this album is no exception. Marriage proposals all over the place, a vicious political campaign, and much more are in store for Odyssey in this great four-disc collection. We look forward to hearing more! 1 of 1 people found the following review helpful. Good Family Entertainment By R. S. Neilson Our family love listening to these stories especially when traveling but now and then we sit in the living room doing our various projects and put on a cd to enjoy rather than the TV. The stories always hold a valuable lesson but more importantly they are funny, interesting and very well done. We don't push our kids to listen, they ask for them all the time. I highly recommend Adventures in Odyssey.
