Chris Rice : Chris Rice - The Living Room Sessions (Piano Solo Personality) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Chris Rice - The Living Room Sessions (Piano Solo Personality):

For my abilities, the arrangements were very challenging, but worth the effort and they helped me improve my piano skills. You can also buy the CD with Chris Rice playing the songs, and then you'll really know if you are playing them the way he meant them to sound. I wish the Christmas version was back in print! 1 of 1 people found the following review helpful. Wonderfully Composed Songs :) By Melanie J this book is amazing. it's labeled "medium difficulty" for solo piano. the songs included are: All Creatures Of Our God and King * Be Still My Soul *

The Church's One Foundation * Come, Thou Fount Of Every blessing * Fairest Lord Jesus * For The Beauty Of The Earth * Great Is Thy Faithfulness * How Great Thou Art * Jesus, What A Friend Fro Sinners * Like A River Glorious * Savior, Like A Shepherd Lead Us * This Is My Father's Word.I've been searching high and low for some really nice, elegant piano hymns and this is just the book i was looking for. My husband actually thought that me and my sisters were doing duets, that's how gorgeous the music is, and it's not very difficult that you have to spend months trying to figure it out! I can't wait to show off these songs, they are perfect.44 of 44 people found the following review helpful.
What a ReliefBy K. PembertonI love all the music in this book. I find that others love this music too. All the hymns can take you back to a certain place in time. I owned one copy of this book - and took it to a camp and left it out for others to play. For the three weeks I was there, you could hear person after person sit down to play out of this book. The book is now trashed and falling apart.Bought another copy of this book - and play it in nursing homes and assisted living facilities. Older people stand outside in the halls and are moved to tears over this music. My second copy is starting to fall apart.I've gone and bought 2 more copies. This book is one I never want to be without.
