As charming as the original old time radio broadcasts.By A CustomerThis remastered CD returns the Cinnamon bear to it's original quality. The story is full of adventure, and excitement that my two children love. Some of the terminology used is rather out dated, but it doesn't detract from the story, although it does require a little explanation from time to time. My children didn't know what a "looking glass" was. This is definitely wholesome, worthwhile entertainment.

The Cinnamon Bear is the beloved 1937 children's radio series featuring Paddy O'Cinnamon, the Cinnamon Bear. It's a delightful six hour adventure story of twins Judy and Jimmy Barton and their search for the silver star that goes on top of their Christmas tree. 5 cassettes.
