About the Author
William Shakespeare was born in Stratford-upon-Avon in Warwickshire, and was baptized on April 26, 1564. Shakespeares theatrical life seems to have commenced around 1590. We do know that he was part of the Lord Chamberlains Company, which was renamed the Kings Company in 1603 when James I succeeded to the throne. The Company acquired interests in two theaters in the Southwark area of London, near the banks of the Thames the Globe and the Blackfriars. Shakespeares poetry was published before his plays, with two poems appearing in 1593 and 1594, dedicated to his patron Henry Wriothesley, Earl of Southampton. Most of Shakespeares sonnets were probably written at this time as well. Records of Shakespeares plays begin to appear in 1594, and he produced roughly two a year until around 1611. His earliest plays include Henry VI and Titus Andronicus. A Midsummer Nights Dream, The Merchant of Venice, and Richard II all date from the mid- to late 1590s. Some of his most famous tragedies were written in the early 1600s; these include Hamlet, Othello, King Lear, Macbeth, and Antony Cleopatra. His late plays, often known as the Romances, date from 1608 onwards and include The Tempest. Shakespeare died on April 23, 1616 and was buried in Holy Trinity Church in Stratford. The first collected edition of his works was published in 1623 and is known as "the First Folio."
