**Philip J. Carter : Classic Brain Puzzlers** before purchasing it in order to gage whether or not it would be worth my time, and all praised Classic Brain Puzzlers:

Concocted by some of the greatest minds ever, some puzzles have been stumping people for years. More than 100 of these classic head-scratchers are presented here, including anagrams, conundrums, rebuses, visual dilemmas, jigsaws,

chess games, math problems, word play, and kickselfs--those puzzles that make you want to kick yourself when you hear the correct answer. Match wits against the creations of such masters of puzzledom as Lewis Carroll, Sam Lloyd, H. E. Dudeney, and Hubert Philips. 128 pages, 60 b/w illus., 5 x 7 3/4.
