NesbittA nice walk down memory lane!If you grew up in the 1960's to about 1980 you will enjoy doing these word searches. This is quite a bit harder than her Kriss Kross books and costs a little more to boot. But my wife tells me it's still worth it and that being harder is mostly a good thing. It takes her 45 to 60 minutes to do a puzzle in this book. The Kriss Kross books take more like 15 to 20 minutes but also costs about 1/2 less.The subject matter is interesting to me and my wife so that helps a great deal. I'm a big classic rock fan!These are great at helping to keep your mind active especially if you are waiting for an appointment, etcI would rate this pretty neat word search book a 8.75 to 9.25 out of 10!
