Jonathan Ozanne : Climate Chaos?!: A humorous trivia challenge featuring more than 70 serious questions and answers about global climate change a.k.a. global warming before purchasing it in order to gage whether or not it would be worth my time, and all praised Climate Chaos?!: A humorous trivia challenge featuring more than 70

serious questions and answers about global climate change a.k.a. global warming:

0 of 0 people found the following review helpful. Five StarsBy Tony MeyerGood!

A fun and cheerful way to consider the very serious subject of global warming. Written in a multiple-choice, trivia quiz format, through 71 questions (and answers), this book addresses many issues related to global warming. For added entertainment value, most questions have a silly (or absurd) answer choice in addition to the serious choices. The correct answers at the back of the book often go into greater detail about a particular question. The answers are supported by a bibliography/recommended reading section. Laugh. Learn. Conserve.

About the AuthorThe author is a lawyer who lives near St. Paul, Minnesota. He has aB.A. in History/Political Science from the University of Jamestown in Jamestown, North Dakota. He received his J.D. from Hamline University School of Law. He is greatly concerned about environmental issues. In college he was president of the conservation/recycling club.
