1 of 1 people found the following review helpful. Very good CodeWord Puzzles !By Patricia C. Marchi like this Code Word puzzle book. The puzzles are challenging but not extremely hard. just the right size. i don't like smaller puzzles, they are actually harder to solve. i would order the next one whenever it is available.0 of 0 people found the following review helpful. Five StarsBy SallyFor those who like a challenge, and a change from crosswords0 of 0 people found

the following review helpful. Five StarsBy Michele. M. PrihodaNot to hard

Welcome to this selection of 100 brand-new codeword puzzles - with larger puzzle sizes than previously. Volume 3 offers even more challenging and exciting puzzles. With 100 puzzles inside, this book will provide hours of fun! These puzzles are coded crosswords. Here are the rules of codewords:- Each letter from A - Z has been replaced with a number from 1 - 26. Codeword puzzles can be tricky to solve. You'll need a good vocabulary and, as with any puzzle type, practice helps too. There are various hints and tips that can aid the solving process. First of all, you will be given three number/letter combinations at the start of each puzzle. Therefore the first thing to do is to write all of these occurrences into the grid. See if this gives any distinctive combinations of letters for other words in the grid: sometimes it does, and sometimes it doesn't. There is an A - Z letter bar underneath each grid. Each time you place a letter, remember to cross it off here - this will help you keep an eye on which letters are placed and which aren't. Solutions are featured towards the back if at any point you get stuck, and full instructions are included. Good luck and happy solving! For other puzzle books, visit www.puzzle-book.co.uk
