Coldplay : Coldplay - A Rush of Blood to the Head (Rush of Blood to the Head Pvg) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Coldplay - A Rush of Blood to the Head (Rush of Blood to the Head Pvg):

music is for the piano to accompany the rest of the band, so it doesn't always carry the melody. But it's awesome and not too bad. The abundance of sharps and flats may scare some, such as me, but in the end the chords are not too difficult; there is a lot of repetition. I am particularly fond of many of the songs. I hope this helps! Personally, I prefer Parachutes. 0 of 0 people found the following review helpful. Five Stars By CMHaven't found any mistakes yet. 0 of 0 people found the following review helpful.
