H. Philip Bolton : Scott Dramatized (Manchester Medieval Sources Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Scott Dramatized (Manchester Medieval Sources Series):

Today little is known about the important theatrical process of popularising a literary product. The works of Sir Walter Scott, like Charles Dickens, form a very large body of staged novels. Some 5000 dramatic performances - plays, operas, films, radio and television dramas - derived from the novels and narrative poems of Sir Walter Scott are listed here. Dramatizations are arranged chronologically and each entry gives title of drama, author, date of production/broadcast, publication/manuscript details and comment.
