**Brian McFarlane : Screen Adaptations: Great Expectations: A close study of the relationship between text and film** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Screen Adaptations: Great Expectations: A close study of the relationship between text and film:

0 of 0 people found the following review helpful. Very interesting reading  
By Michaela Hauerlandova  
The book is very well written and helpful. It gives different points of view and insides into different versions. Recommended.

A close study of the relationship between text and film versions of Great Expectations.  
Literature and film studies students will find plenty of material to support their courses and essay writing on how the film versions provide different readings of the original text.

"One of relatively few textbooks that I can imagine undergraduates, studying modules in film or literary adaptation, really wanting to possess... the book is genuinely covetable because of the amount of stimulation it packs into such an accessible form... Best of all is McFarlane's authorial voice, enthusiastic, avuncular, occasionally anecdotal, opinionated but somehow balanced. At Masters level, there is enough material here to speak at least a couple of seminars and debates... There is also enough to tempt the general reader, and keep him or her reading..." Journal of Adaptation in Film Performance  
'This is one of relatively few textbooks that i can imagine undergraduates, studying modules in film or literary adaptation, really wanting to possess.' s (2009)  
About the Author  
Brian McFarlane is Honorary Associate Professor at Monash University, Australia. He is a distinguished figure in literature and film whose books include The Encyclopedia of British Film and An Autobiography of British Cinema, The Cinema of Britain and Ireland, and Novel to Film.
