I've listed to NPR's "Ask Me Another" for a long time, and recently heard Ophira Eisenberg on The Moth Radio Hour. After her story, they promoted her book, and I gave it a try. It was the quality I expected based on her sense of humor that comes through on the radio. I also felt like I learned a

lot about my relationships. I liked the book so much, I ordered a second copy for a friend and gave my copy to my brother. 2 of 2 people found the following review helpful. My dirty little secret By Aunt Cupcake My dirty little secret: I enjoyed scaring strangers as I cackled out loud reading this book in public. Screw Everyone is like catching up with a close girlfriend you haven't seen for ages and should have been in touch with sooner because she is hilarious, honest, and reminds you of every fabulous pop culture reference from the 80's/90's. She says out loud all the thoughts I thought I was the only one weird enough to have. Just friggin get it. 1 of 1 people found the following review helpful. Good Read By A Customer Liked the honesty and the ridiculousness of the stories. Appreciated her openness and development through the book. Good, quick read

Screw Everyone is comedian Ophira Eisenberg's wisecracking account of how she spent most of her life saying yes to everything and everyone and how that attitude ultimately helped her overcome her phobia of commitment. Skeptical about long-term relationships, Eisenberg approached dating as a sort of research experiment from early on: she spent her twenties traveling from futon to futon and gathering data, figuring that one day she'd put it all together somehow and build her own perfect Frankenmate. When she met a guy who didn't fall for the emotionally cavalier facade she'd constructed (a guy who wanted marriage and monogamy), she knew it was time to reevaluate. From her first kiss to saying I do, Screw Everyone is an honest, hilarious chronicle of how one woman discovered herself, conquered her fears, and even found the real thing one promiscuous encounter at a time.

From Booklist *Starred* Its a jungle out there in the modern dating world. Just ask Canadian comedian Eisenberg. In this witty and wise memoir, Eisenberg recounts her rocky (and often raucous) road from queen of the one-night stand to princess of monogamous bliss. The sparkly, blue-eyed gentleman she ends up marrying is the last in a long list of lads who run the gamut from lovable geek to charming creep. Among them: a legally blind albino disc jockey and a fellow comedian possessing what may be the world's largest collection of Garfield paraphernalia. (Eisenberg has no inkling of the gents cartoon-feline fetish until he opens his bedroom door and quite literally lets the cats out of the bag.) Amid her bounty of beddings, Eisenberg busts her butt to break into the stand-up scene. She hones her material and develops a commanding presence, so much so that after one show an astonishingly attractive couple offers her an unusual proposition, Would she like to become a dominatrix? Turns out, the whip-smart Eisenberg isn't into whips (or chains, for that matter). But it makes for a juicy story. Eisenberg, who hosts the new NPR weekly trivia show, Ask Me Another, writes with poise, panache, and a hefty dose of self-deprecating humor. --Allison Block About the Author Ophira Eisenberg is a stand-up comedian, writer, and host of NPR's new weekly trivia show, Ask Me Another.
