Vern : Seagalogy: A Study of the Ass-Kicking Films of Steven Seagal before purchasing it in order to gage whether or not it would be worth my time, and all praised Seagalogy: A Study of the Ass-Kicking Films of Steven Seagal:

Vern, the self-styled outlaw film critic, is known to millions for his hilarious reviews on the Aint It Cool News

website, and is described by Hellboy director Guillermo Del Toro as equal parts Hells Angels and Pauline Kael... a national treasure! Now, finally, Vern is ready to unleash his magnum opus: an in-depth study of the world's only aikido instructor turned movie star/director/writer/blues guitarist/energy drink inventor the ass-kicking auteur Steven Seagal. From Above the Law to his Mountain Dew commercials, his entire career is covered in Vern's inimitable style. As Vern himself puts it, Seagalogy is a book that will shake the very foundations of film criticism, break their wrists and then throw them through a window."
