Don Singletary : Send Your Brain To The Gym: Teach Your Mind To Take You Where You Want To Go
before purchasing it in order to gage whether or not it would be worth my time, and all praised Send Your Brain To
The Gym: Teach Your Mind To Take You Where You Want To Go:

0 of 0 people found the following review helpful. InterestingBy John SThis is a very good book to read. Not what I
expected from the title as I thought it would be some mental exercises. Instead it is about the internet and it is a

fascinating journey. Well written and worth a person's time.1 of 1 people found the following review helpful. easy readBy D. MaddingSend Your Brain To The Gym: Teach Your Mind To Take You Where You Want To Go...a very easy read with interesting facts and humor. It is thought revoking and fun to see where one subject leads to another and with such ease. It is a book you can carry with you to pick up and read anytime. I highly recommend this book.0 of 0 people found the following review helpful. An easy must read for everyone!By P. SingletarySend Your Brain To The Gym is an excellent and easy read for anyone and every one. This book contains concise chapters that give witty advice and insight that provokes the mind to see everyday situations in a new perspective. I strongly recommend this book to you, for both yourself and as a gift!

Fun conversation. Historical oddities, quotes, witty subjects. Nothing to say? This book is the cure. Having fun with conversational facts that will amaze everyone. Wide range of subjects: Mark Twain, internet wonders, quotes, jokes, wild but true history. This is the perfect take-a-long book that is entertaining reading you'll long remember. A book so different, it doesn't fit into any category. Get wow'ed by strange but true facts and stories that you can have fun sharing with others.

About the AuthorCommodity hedge consultant, former professor and broadcaster, served as an Economic Development Representative for the Florida Dept. of Commerce, author of many books and articles, and conducts workshops for self-publishers of paperback and eBooks for individuals and business.
