Lizbeth Goodman, W.R. Owens : Shakespeare, Aphra Behn and the Canon (Approaching Literature) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Shakespeare, Aphra Behn and the Canon (Approaching Literature):

1 of 2 people found the following review helpful. a worn out readerBy A Customeriv just finished reading this book as part of my ou literature course,if you want an easy read go elsewhere, however if your pretty inteligent and you really want to learn about shakespeare and aprha behn then this is the right book.beware reading this could change your life.

A clear introduction to the idea of the canon, exploring the process by which certain works, and not others, receive high cultural status. The work of Shakespeare and Aphra Behn is used to illustrate and challenge this process.
