Lynette Porter : Sherlock Holmes for the 21st Century: Essays on New Adaptations before purchasing it in order to gage whether or not it would be worth my time, and all praised Sherlock Holmes for the 21st Century: Essays on New Adaptations:

0 of 0 people found the following review helpful. ... in the way of Elementary and some of the excellent novels (A Slight Trick of the MindBy Frank LoveA bit narrow in focus as it doesn't cover much in the way of Elementary and some of the excellent novels (A Slight Trick of the Mind, The Beekeeper's Apprentice, The Final Solution) that have

come out. Nevertheless, some excellent essays. 2 of 2 people found the following review helpful. fantastic collection! By ilikeotters This collection is great for scholarly use, writing college or high school papers, but it's also really interesting to read for fun. I only needed one essay for my paper but I ended up reading the whole book because it was really good. 0 of 0 people found the following review helpful. Four Stars By Michael Bessell Apart from being super interesting, it is superb teaching aid.

The 21st century is a good time to be Sherlock Holmes. He stars in the recent Guy Ritchie films, with Robert Downey, Jr., playing the great detective; an internationally popular BBC television series, featuring Benedict Cumberbatch as Sherlock; a novel sanctioned by the Arthur Conan Doyle Estate; and dozens of additional novels and short stories, including two by Neil Gaiman. Add to this video games, comic books, and fan-created works, plus a potent Internet and social media presence. Holmes' London has even become a prime destination for cinematic tourists. The evidence is clearly laid out in this collection of 14 new essays: Holmes and Watson are more popular than ever. Why we continue to be fascinated with them is the overall topic. The genius detective has been portrayed as hero as well as antihero. Adaptations describe him as tech savvy, scientifically detached, even psychologically aberrant; he has been romantically linked to The Woman and bromantically to Watson. Whether Victorian or modern, he continues to intrigue us. These essays analyze Sherlock Holmes as a cultural icon and explain why he is destined to be a beloved if controversial character for years to come.

"An enjoyable collection"--Mythlore. About the Author Lynnette Porter teaches in the Humanities and Social Sciences Department of Embry-Riddle Aeronautical University in Daytona Beach, Florida. She has written several books about television and film.
