I highly recommend this to anyone who enjoys great suspenseBy DeniseOUTSTANDING...A MUST READ!!!! I have read many suspense novels in my time such as "1st to Die" by James Patterson and "A Time to Kill" by John Grisham, just to

name a few. When I came across this novel on the cover caught my attention, so I figured I would give it a try . My order arrived on time at my doorstep which i was very happy about. I must say I was extremely impressed. It was definitely a page turner for me and kept me anxious and very interested all the way to the end. It was filled with suspense and the dialogue was written brilliantly. I was completely captivated by all the characters. I could not figure out what was coming next and that's unusual for me. I highly recommend this to anyone who enjoys great suspense. Looking forward to another novel from this author. The ending will shock you! 1 of 1 people found the following review helpful.
