Doug Lansky : Signspotting 2017 Day-to-Day Calendar before purchasing it in order to gauge whether or not it would be worth my time, and all praised Signspotting 2017 Day-to-Day Calendar:

She sticks the previous days' pages up on the fridge just in case anyone in the house missed them the day before. By the end of the year the good ones will probably cover the whole fridge. The calendar has a plastic stand that is working but seems a little flimsy -- I'm not sure if it will last the whole year. The selection of signs has been entertaining. The back of every page has a bonus item -- some days it's a puzzle, some days it's an interesting fact about the date, some days it's a completely random bit of trivia or practical suggestion for the household. 0 of 0 people found the following review helpful. Signspotting 2017 Day-to-Day Calendar By Southern gall've given funny day to day calendars to various family members for years! I think a laugh a day is healthy and everyone should pursue that. Signspotting is particularly funny as they are based on REAL signs found around the world. We human beings can be such ding-a-lings sometimes! I combined this Signspotting calendar along with Bill Engvall's 'Here's Your Sign' DVD for a Christmas gift for my nephew. I figured he'd get a kick out of both. 0 of 0 people found the following review helpful. Five Stars By David W. Ashelman Great Fun Calendar, fast shipping. GREAT Seller

World explorers as well as armchair travelers will enjoy the sometimes puzzling, often lost-in-translation, and always hilarious signs found around the globe in the Signspotting 2017 Day-to-Day Calendar. Travel writer, speaker, and funny sign collector Doug Lansky is back with another selection of signs featuring lax linguistics, unintended double entendres, and unintelligible instructions. This daily calendar includes full-color photos paired with witty captions from locations and contributors around the world.
