There is a useful 4 page list which pairs up each actor to their horse and the book contains a brief description on some of the more popular actors. Many B/W photos make this book a 'must-have' resource for cowboy (and cowgirl) fans.1 of 1 people found the following review helpful. A very, highly entertaining, as well, as an informative book.. HAPPY TRAILS..0 of 0 people found the following review helpful. Five StarsBy WendyA must have for Trigger fans!!

A salute to the horses and riders of the bygone B-Western era... They are all here - Trigger, Champion, Black Jack, Topper, and all the rest. Not only is this a book about the horses, but it also contains extensive commentary by the cowboy heroes. And it is loaded with wonderful photographs. You will learn many of the horses' backgrounds, how they were obtained by the cowboys, and incidents and accidents that happened while filming. Plus...many more interesting and revealing items.
