From Ingramcontent : Sinophone Cinemas before purchasing it in order to gage whether or not it would be worth my time, and all praised Sinophone Cinemas:

Sinophone Cinemas considers a range of multilingual, multidialect and multi-accented cinemas produced in Chinese-

language locations outside mainland China. It showcases new screen cultures from Britain, Hong Kong, Taiwan, Singapore and Australia.

"This volume is a valuable source of new insights by those committed to working in the area of Sinophone cinemas. The lucid presentation of the subject makes it a perfect choice for classroom use." - Gina Marchetti, University of Hong Kong
