By Chaz Wilson The book is based off of the Star Trek Beyond collectors souvenir magazine.... but it does have more material in it than with the magazine coverd. like I said ...extra illustrations more interviews and more behind the scenes of the movie.... if you love the movieyou'll love the book!!!! 0 of 0 people found the following review helpful. In-depth and Beyond By P. This is a hardcover magazine that's very well put together by Titan Comics. It chronicled everything from production, VFX, interviews with the director and cast. There is also an immense amount of photos in here including stills from the film and concept art. Obviously a must own for fans of the film. 0 of 0 people found the following review helpful. Beyond the End? By Alan Sehmam I really enjoyed the movie, and this adds to it. I not Star Trek everything is great, but picky and thoughtful in

what I like or not.

This must-have book for Star Trek fans goes behind the scenes on the latest movie in the billion dollar franchise, Star Trek Beyond, presenting a jam-packed book celebrating Star Trek's 13th big screen outing and revealing all about the making of the movie.

About the Author Titan has been publishing the official Star Trek magazine since 1995.
