**Juan Ortiz : Star Trek: The Art of Juan Ortiz** before purchasing it in order to gage whether or not it would be worth my time, and all praised Star Trek: The Art of Juan Ortiz:

7 of 7 people found the following review helpful. very awesomeBy mikhailcharonPosters are approximately 11x17 inches. Each episode gets its own poster and each poster gets its own page. Including the unaired pilot "the Cage".Table of ContentsIntroduction 006Season One 014Season Two 046Season Three 074Index and Commentary 101Total pages 112pages are stitch bound, and then it looks like they are glued in. I'm not sure.The quality of assembling in this book is very good and the pages feel like they are very securely bound.Hard cover is very nice and thick.Pages are nice; very smooth, thick and well printed.I'm very tempted to wait for the paperback so I can remove the posters to frame and put on display around the house.(Yes, I know the posters can be purchased separately, but as a

book, it is an astounding value.)8 of 8 people found the following review helpful. Perfect Book for your tableBy Sean R O'RourkeWhen I first saw the posters from Juan Ortiz I was excited, but I wanted all of them except didnt have anywhere to hang 80 posters. This book is the perfect solution. Book is a great weight and the paper inside is very heavy. The preface is great explaining a little history of Juan Ortiz. I also really like the end of the book which has a brief description of the episode and a short description of where Juan got his inspiration for the episode poster.For me the only Con is that I wish the book cover wasn't mainly white.Bottom Line is its a great book and you won't regret buying it1 of 1 people found the following review helpful. Wonderful posters in a great collectionBy Angela KI have been a fan of Star Trek my whole life. My dad raised me watching reruns of TOS for as long as I can remember. I first saw some examples of Ortiz's work as posters. I wanted to buy every set, but that was a bit spendy. As soon as I saw this book I threw it in my cart and didn't look back! My first copy was quite warped, but quickly exchanged it. The colors of the print are very vibrant and the book has a nice cover.The premise of each piece is "what if each episode of Star Trek (TOS) was a movie? What would the movie poster be?" Looking through the book made me think about some of my favorite episodes. I even went back and watched a few the night I got the book. The styles are varied, but all maintain a retro feel. I am considering purchasing a second copy of the book so I can cut out and frame a few of my favorites. It would still be cheaper than buying a few of the poster sets.

Since 1985, Juan has been an illustrator/designer for Disney and Warner Bros. and has penciled covers for DC Comics Looney Tunes and Tiny Toons magazines. He is also the publisher of his own comic book series, Silver Comics, seen in the Disney/Dreamworks release I Am Number Four (produced by Steven Spielberg) as well as The Skull Army, a macabre/detective pulp, featuring his creation (named)The End.

For the average person Star Trek: The Art of Juan Ortiz is a book that will look good on your coffee table, however for the true Trekker its a necessary addition to your Star Trek collection. Its slick designs will be a great conversation piece with friends and provide you with hours of amusement as you try to decode Ortiz's subtext together. - Reel Recon "In full color, this oversized hardbound edition will make any Trek fan or more general pop-culture aficionado grin with aesthetic joy." - Austin Chronicle "Its simply a stunning achievement one look inside and youll be blown away." - Barnes and Noble Book Blog Ortiz's endeavor involves 80 individual masterpieces that turn the beloved sci-fi series into glamorous, sometimes macabre works of art. Huffington Post Juan Ortiz has channeled his love for Gene Roddenberry's brainchild in a unique, inspiring way, creating beautiful retro-inspired images. LA Times, Hero Complex A terrific collection. The Slanted A wonderful art book for Trek fans and art lovers. SF Signal a fascinating conversation piece for any Star Trek fan. High Def Digest Probably the most attractive hardcover, coffee table-style book about Star Trek ever created. Borg.com A gorgeous edition. Uproxx A really beautiful book. Military.com A great new book. The Verge Awesome movie-style posters for every original Star Trek episode. Flavorwire A very cool blend of modern, often minimalist stylings with vintage sci-fi flair and an unabashed love for all things Trek. The book contains all of Ortiz' art and would make the perfect sort of coffee table addition for the Trekkie in your life who already has everything. Movies.com Better than a vast majority of "real" movie posters that we see these days. Aint It Cool News If youre a fan, you will go crazy over these amazing prints. If you know a fan, Star Trek: The Art of Juan Ortiz is perfect gift material. Geek Dad A remarkable exercise in creativity that will appeal to hardcore Trekkers or just anyone who appreciates great graphic design. Topless Robot This gorgeous, over-sized book, (365 X 260 mm) perfectly displays each one of Juans creations. Blurppy.com "Wonderfully retro." - Fast Company "Star Trek: The Art of Juan Ortiz is such a compelling art book, one fantasizes that Ortiz or another equally talented artist will offer the same treatment to other TV shows say, The Sopranos or Mad Men. Also, the book damn near forces the reader to pick up the remote and stream those wonderful old Star Trek episodes." - Culture Mass "This is an excellent book to keep on any geeks coffee table; opening it up is just as immersive and excellent as a marathon of the entire series. The trip is well worth it." - Geek Magazine Star Trek: The Art of Juan Ortiz is more than a love letter to Star Trek. Its a beautifully designed tribute to movies, classic TV shows, comics, music...its a delight to see something that takes the series and finds something fresh to say about it. - Starburst "Whether youre a fan of Star Trek: The Original Series or just love a good movie/TV poster, you will definitely want to check out this beautiful oversized book" - The Blot Says "Gorgeous hardcover book" - Hero Complex gift guide "Each page is jammed packed with a full dose of art and classic subject matter that will give any fan butterflies in their stomach." - Urban Vinyl Daily About the Author Juan Ortiz is an avid Star Trek enthusiast and an accomplished artist that set out to create an art program representing each of the 80 episodes from the Star Trek: The Original Series. The artwork embodies his passion for the series, the transformational Sixties, and the visceral reaction generated from each episode. Since 1985, Juan has been an illustrator/designer for Disney and Warner Bros. and has penciled covers for DC Comics Looney Tunes and Tiny Toons magazines. He is also the publisher of his own comic book series, Silver Comics, seen in the Disney/Dreamworks release I Am Number Four (produced by Steven Spielberg) as well as The Skull Army, a macabre/detective pulp, featuring his creation (named) The End.
