Definitely get the Deluxe version -- worth it!By Patricia L.For adult SW fans who enjoy a book that puts them "in-universe" into the Saga, I highly recommend this book as well as the related Jedi Manual, Book of Sith, and Imperial Handbook. These books are immersive and really give the reader background into the SW universe. The deluxe editions have super-worth-it bonuses like the mechanically opening case with lights and sound, plus various little removable artifacts that enhance the feeling of getting to read a book that's from the library of Boba Fett.These books are fun to read and also nice collectibles.4 of 4 people found the following review helpful. This is the perfect gift for any fan of Boba Fett and the ...By Megan ReaperThis is the perfect gift for any fan of Boba Fett and the rest of the bounty hunters! Everyone who comes over always comments on it because it

just looks so cool! There are some issues with it not always opening right away when you push the button, but it usually works by the third button push and it's just so awesome that I don't even care. The books are well written, and Boba Fett's inscriptions are true to character and very amusing. Excellent item!0 of 0 people found the following review helpful. A small glimpse into becoming a Boonty HunterBy Joey KatnichThis is a fun book to read. As a SW GM for RPG it does give you the feeling of what it takes to be a bounty hunter. I love the little details about weapons and combating creatures or even speeder hijacking.

The follow-up to Titan's bestselling Jedi Path and Book of Sith a major new Star Wars title, full of previously unrevealed secrets! Now you too can learn the history of the notorious bounty hunters! Boba Fett bound together the Bounty Hunters Guild and the Death Watch recruiting booklet; together these form The Bounty Hunter Code. This is an illustrated guide for all bounty hunters, containing the secrets of the hunt of this misunderstood profession. As well as the bounty hunter philosophy, also included is discussions of armour and weaponry.
