By Scotland As a Star Wars fan for over 30 years I have read many, many of the expanded universe books. Now that Disney has bought Star Wars and started a new "Star Wars" history. I wanted this timeline book to know what's happening. I would recommend to Mr. Buckland that when he does a revised edition, since the new Star Wars movies are coming out. That he adds sources to his time line, what events in the timeline is in which book or movie? Which book do I need to read to find out what happened in the timeline? Where can I read more about Thrawn? This book is ok to get an idea of some of the Star Wars history. But what good is finding out an interesting fact and not knowing where to go learn more about it? 0 of 0 people found the following review helpful. Is what it claims, nothing more. By

Rebel4ever A lot of people were angered over the content of this book, but seriously, it is what it claims, an overview of the entire star wars expanded universe, and that's it. A synopsis. 0 of 1 people found the following review helpful.
