**Stephen Jones : Stardust: The Visual Companion** before purchasing it in order to gage whether or not it would be worth my time, and all praised Stardust: The Visual Companion:

11 of 11 people found the following review helpful. The tale of Stardust from a Book into a MovieBy J. MessengerStardust: The Visual Companion is the best "making-of" book I've read in a while. The pictures are wonderful, plentiful, and to my surprise not readily available even when using Google image search. You will also see several concept illustrations and photos of what might have been the wall, the Babylon candle, various set locations, and more. Then, read about your favorite characters and hear creation insights from the costumes they wear to their behavior in the script. It certainly made me appreciate the detail that went into their appearance in Stardust.I believe just as much love went into making this book as did making the movie itself. It's packed with commentary from Neil Gaiman on his own fairy tale-like experience transforming the world in his head into a shared world on the silver screen. The book includes an abridged script from the movie for the last pages of the book. How cool is that? If you loved Stardust the movie and can't get enough of it, this book will extend your enjoyment enormously.Finally, this book is *\*not\** a graphic novel with illustrations by Charles Vess (though there are a few of this drawings sprinkled

throughout the book. Reviews mistaking this product for something else may be helpful warnings -- but I do not think they should detract from the overall rating of this book. 0 of 0 people found the following review helpful. Purchased as a gift (it was on their Wish List) ...By Grandma Janis Purchased as a gift (it was on their Wish List) but haven't read it myself - it was the artwork that he especially wanted to have. 0 of 0 people found the following review helpful. Lots of good pictures. By Jess Dunow Bought this as a reference guide for making a Yvaine costume. Lots of good pictures.

Neil Gaiman's critically-acclaimed adult fairy tale makes the leap from novel to screen in this spectacular new movie starring Claire Danes, Michelle Pfeiffer, Robert De Niro, Rupert Everett, Peter O'Toole, Sienna Miller and Ricky Gervais. Young Tristan Thorne vows to retrieve a fallen star and deliver it to his beloved. It is an oath that sends him over an ancient wall and into a magical realm that is dangerous and strange beyond imagining. This stunning volume follows the storyline of the movie, with commentary and interviews with the starry cast and the crew, enchanting color photos, and beautiful, fully painted production art, plus the full magical screenplay and an exclusive introduction by Neil Gaiman.

A sumptuous volume deserving to be in your very own library. -- Charles Vess (from online blog Greenmanpress.com) Utter Perfection! (about the movie) -- Ain't It Cool News Utter Perfection! -- Ain't It Cool News From the Back Cover Neil Gaiman's critically-acclaimed adult fairy tale makes the leap from novel to screen in this spectacular new movie starring Claire Danes, Michelle Pfeiffer, Robert De Niro, Rupert Everett, Peter O'Toole, Sienna Miller and Ricky Gervais. Young Tristan Thorne vows to retrieve a fallen star and deliver it to his beloved.
