**James Bonnet : Stealing Fire from the Gods: The Complete Guide to Story for Writers and Filmmakers, 2nd Edition** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Stealing Fire from the Gods: The Complete Guide to Story for Writers and Filmmakers, 2nd Edition:

1 of 1 people found the following review helpful. Enjoyable and Informative at the Same Time  
By Nicole J Barrett  
I would definitely recommend this book for writers, screenwriters especially. As a screenwriter, plot is an area that definitely needs improvement and James Bonnet gives very practical advice on how to improve plot and storytelling in general. He writes in a very rich, meaningful way that makes the material easier to absorb. Most of the books I read about screenwriting are pretty dry and technical but there is something about the way James Bonnet writes that makes reading this book very enjoyable and informative at the same time.  
1 of 1 people found the following review helpful. If you write, or want to, read this book  
By Jeffrey Rich  
Plenty of good books about writing out there, but this is a great one. Bonnet gets you thinking about the underlying dynamics that make superior stories emerge from the page (or screen). Even halfway through this book, it's got me looking at my novel in ways I have not before. Bonnet has thought wide and deep about why and how great stories work, and draws from cinema, literature and psychology to explain in most compelling fashion. For the aspiring novelist or screenwriter, or more experienced pros, there is gold to be mined in these hills.  
0 of 0 people found the following review helpful. I enjoyed reading Stealing Fire from the Gods  
By Sherry Kesling  
A different way of looking at writing story and film...I enjoyed reading Stealing Fire from the Gods. I think I highlighted most of the book. James Bonnet has a unique way of studying how storytelling works and doesn't work. This is a book I'll be re-reading several more times to soak it all in...if that is possible. Thank you, James Bonnet

A revised and expanded sequel to Stealing Fire from the Gods, this 2nd edition includes important new revelations concerning the ultimate source of unity, the structures of the whole story passage, the anti-hero's journey, the high-concept great idea, the secrets of charismatic characters, and the analyses of many important new stories and successful films.
