I had a gorgeous cake made for them with a Pepe' and Penelope cake topper and gave this book to the Groom-to-Be (one of my Best Friend's) as a bit of a gag gift. The cake was a huge hit and pretty unusual, have yet to see a Pepe' Penelope cake at any of the million of showers I've attended yet (plus, the Bride-to-Be adores them) and this little book was the perfect addition! It is a small gift-book (not a coffee table book) but very cute for a true Pepe' lover.2 of 2 people found the following review helpful. Now that is a funny book. Funny with a French accentBy C. BoldNow that is a funny book. Funny with a French accent. The lines can easily become quotations. A nice gift to all the people who are not scared of l'amour.0 of 0 people found the following review helpful. Definitely a nice little booklet to go along with something else in ...By C. ClineCute book. A little heavy on the "ees" and "zet" fake french accents, but you kinda have to be. Bought it for my wife and she loves it. Definitely a nice little booklet to go along with something else in a gift to give it some 'umph'
