Jeffery Self : Straight People: A Spotters Guide to the Fascinating World of Heterosexuals before purchasing it in order to gage whether or not it would be worth my time, and all praised Straight People: A Spotters Guide to the Fascinating World of Heterosexuals:

1 of 1 people found the following review helpful. fun readBy PaulWitty, fun and light hearted. (but not for the easily offended!)A great (all be it oversimplified) look at (U.S) humanity. Smile provoking and yet forthcoming with some simply social statements. A must read for most anyone who is LGBT or who has LGBT friends/loved ones.0 of 0 people found the following review helpful. A witty read!By Read-n-writeThis is a pretty entertaining way to "wear

another person's shoes," so to speak. Jeffery is funny but not obnoxious. I liked his short-lived show on Bravo, and his cameo's on several big name network shows. I think we'll see -and read - a lot of him in the future! Just not in the tidy-whiteys, please! 2 of 2 people found the following review helpful. The funniest book I ever seen
By Lucas Sales
This book is ver funny! I really appreciate the way the author write. I'm Brazilian and I could have a good reading in this book.

The runaway success of *Stuff White People Like* and the popular shit-people-say YouTube videos prove one thing: people love to read about and laugh at themselves. Modeled after popular bird spotters' guides, *Straight People* is an affectionate and humorous guide to the varied species and subspecies of the sexual majority: the heterosexual. In this hilarious and easy-to-use field guide, actor and author Jeffery Self compiles everything you've ever wanted to know about heteros including their nesting behavior, feeding and mating habits, migration patterns, key identification features, and more. Complemented with fun two-color illustrations, interactive charts, graphs, and quizzes throughout, *Straight People* is sure entertain readers for all walks of life.

TucsonCitizen.com
Tongue-in-cheek, Self has created a hilarious examination of this societal group including mini-quizzes, illustrations, and fun charts and graphs.
