EisenbergStratas, a tiny soprano with a huge voice, was one of the most important figures at the Met in the 60's and 70's. That she succeeded in overcoming a childhood of poverty in Toronto to become the best singing actress after Callas is remarkable.She is always her own woman and far from being a typical diva.Rasky's book, partially based on his documentary film on Stratas, is beautifully designed and is full of wonderful photos. There is a complete discography. The only thing one misses is a complete list of operatic roles and concert repertoire.
