**Danny Powell : Studying British Cinema: The 1960s** before purchasing it in order to gage whether or not it would be worth my time, and all praised Studying British Cinema: The 1960s:

Aimed explicitly at students and teachers coming to British cinema for the first time, the Studying British Cinema series considers key texts from the decade under discussion and accessibly considers them in their artistic and historical contexts. Beginning with an extended introduction, 1960s British Cinema analyses this famously revolutionary decade, showing how changes in society and culture changed the face of Britain irreversibly, beginning freedoms and trends that would affect the way the country would be perceived forever. Using key filmic texts as its

starting point, 1960s British Cinema examines the events that changed the country reflected in the film of the day. The book examines the reputation of the decade as 'swinging' and explores issues of class, race and sexuality whose boundaries paved the way for a greater awareness of the country's identity. Contents: A Glimpse of the Future - Peeping Tom (1960); Keeping it Real - Saturday Night and Sunday Morning (1960) and Billy Liar (1963); Living the Dream - A Hard Day's Night (1964); The Empire Strikes Back - Goldfinger (1964); Sex and the Sixties: Darling (1965); Agent of Change - The Ipcress File (1965); London Life - The Knack...and How to Get It (1965); Kaleidoscopic Nation - Blow Up (1966); Decadence and Rebellion - If... (1968).
