Will Buntin : Substitute Creature before purchasing it in order to gage whether or not it would be worth my time, and all praised Substitute Creature:

1 of 1 people found the following review helpful. A treasure awaits true horror fans!By CustomerHorror fans are in for a treat! Substitute Creature is a gift to horror geeks. Dripping with nods to classic horror films and decidedly meta in its approach to the genre, this screenplay delivers plenty of eerie moments and horrific imagery. Strong characters drive a story that you won't want to put down until you reach the satisfying end. Will Buntin is a talent. Looking

forward to reading more from him. 1 of 1 people found the following review helpful. Great short read
By Heather Edmonds
This was a great short story, especially if you like thrillers but not scare your pants off, reading. I liked the combination of humor mixed with the intrigue or mystery of the plot line. I definitely will follow this author and read more of his publications in the future. I would rate this at a PG-13 level
1 of 1 people found the following review helpful. SO much awesome!!
By Kara
I may have read this all in one sitting! Love this to pieces. Will keeps your attention and does an amazing job developing character and relationships. Super well written, descriptive and yet you're flying through it like you're watching a movie. Definitely looking forward to the next book!

Three preteen horror geeks team up with a famous horror novelist to take down their substitute teacher who may or may not be human.
